

## Winter Sports Team at Hanover

### Wildcats Bid for Honors At International Meet

New Hampshire in Hopes of Capturing International Intercollegiate Winter Sports Championship—Contest to be Held in Conjunction with the Dartmouth Winter Carnival

The University of New Hampshire winter sports team goes to Hanover this week to compete in the International Intercollegiate Winter Sports meet, held under the auspices of the Intercollegiate Winter Sports Union, in conjunction with the Dartmouth Winter Carnival. For the last two years New Hampshire has emerged victorious from this meet, capturing the intercollegiate title of United States and Canada. An exceptionally strong Blue and White team will defend its title this week, and if successful will win the Winter Sports Union Trophy, which requires three wins to become a permanent possession, and on which New Hampshire now has two places.

A definite list of those men who will compete for New Hampshire has not been decided, but indications point to the fact that Captain Weston, Pederson, Dustin, and Wendell are sure of making the trip. At the present time Tetley has a severe cold, and whether or not he will make the trip has not been decided. The withdrawal of Russell Hobbs '30, from the University leaves the cross country snowshoe representative a position yet undecided. Hobbs won the intercollegiate title last year, and he was one of the mainstays of the present team. It is expected that Lazure '31, of the freshman cross country team, and New Hampshire snowshoe representative at Lake Placid will be the contender in this event. The personnel of the remainder of the team is unknown, with Smith, Mailman, Lovell, Blanchard, Woodward, Langford, and Burns to pick from.

Hanover is in the throes of the present unfavorable weather conditions. The ice conditions are good, but there is a decided lack of snow for the ski and snowshoe events. Every effort is being made by the Dartmouth officials to insure enough snow for the meet, even though the weather man is not kind enough to send it. Plans are under way to "import" snow from the hills so that the ski jump and courses may have enough of the necessary covering.

A formidable list of winter sports teams is entered in the meet. Besides New Hampshire and Dartmouth there is McGill, Middlebury, Vermont, Bates, and Syracuse. Wisconsin has been invited to the meet, but the officials of that institution expressed some doubt as to whether or not their team would be present. New Hampshire is favored to come through at the head of the list this year. Dartmouth is seriously handicapped by the loss of Charles Proctor, Green and White ski star, who is representing America in the ski events at the Olympics at St. Moritz, Switzerland. The loss of Proctor will be keenly felt at the Hanover institution, for he is their stellar performer in many ski events.

### FRENCH CLUB DISCUSSES MOLIERE AND VOLTAIRE

At Le Cercle Francais last Monday, two papers on "Voltaire" and "Moliere" given by Katherine Flannagan and Dorothy Story, were judged the winners in a recent contest of the members of this organization. Mr. Grigaut gave a short talk followed by a musical program. A survey of French music, by Mr. Mantovani.

## Women Students Elect New Head

### Marjorie Dahlberg to Assume Duties in June

Other Offices to be Held by Mary Timmins, Marion Smith, Elizabeth Gowen—New Council to Work with Old Until June

Marjorie Dahlberg '29 of Manchester, has been elected president of the Women's Student Government of the University according to the announcement of the council for the present college year issued this week. Miss Dahlberg, who has attained what is considered the highest honor a "co-ed" may receive in college, will work with the old board for the remainder of the college year and will assume the duties of her office at the last meeting in June. The entire body of women students at the University have a vote in this election.

Miss Dahlberg has been one of the most active and popular members of the student body here since her entrance to the University in the fall of 1925. She served as secretary of her freshman class and has held the same office for the past three years. She is a member of the Alpha Chi Omega sorority and of Mask and Dagger, the University dramatic society, as well as the staff of "The Granite," the year book published annually by the members of the junior class.

Other officers of the association for the next school year are Mary Timmins '29 of Exeter, vice president, Marion Smith '30 of Lakeport, secretary and Elizabeth Gowen of Dover, treasurer. The class representatives are for the seniors Gyneth Prew '29 of Foxboro, Mass., and Ruth Pitche of Keene and for the juniors, Ruth Bunker of Kingston.

### FAST N. H. U. RELAY TEAM DEFEATS MAINE

Wildcat Runners Turn in Fast Time of 3 Min. 33 3-5 Sec. to Win Over Maine at B. A. A. Games Last Saturday

Turning in one of the fastest times of the evening, the New Hampshire relay team defeated the speedy University of Maine runners Saturday night in the mile run at the B. A. A. games in Boston. The Wildcat team was made up of Small, Atkins, Noyes, and Toolin.

Small and Sorenson, lead-off men for the two teams, ran a close race in the first quarter, but the Blue and White runner was able to turn over a slight margin to the next man, Atkins. Both Atkins and Noyes increased the lead, so that Toolin had a comfortable margin at the start of the final quarter. Toolin lengthened the lead by coming across at the tape fully twenty yards ahead of his Maine opponent. The time of race was 3 minutes, 33 3-5 seconds, one of the fastest times of the relay races at the B. A. A. Games.

On Thursday night, the Wildcat relay team ran in a triangular match with Georgetown and Holy Cross at the annual Millrose Games in New York, this marking the first appearance of New Hampshire teams in several years at the meet. The Blue and White runners finished third to the faster runners of Georgetown and Holy Cross, but made a fine showing in its recent entry at the Millrose A. C. games.

### NOTICE

All Juniors who have not yet paid their \$6.00, Granite money, are requested to make their payments at once to Frank G. Woodward, Business Manager, at the Delta Pi House.

MARJORIE DAHLBERG, '29

## Six Forensic Meets for 1928

### Edmund Cortez Announces Varsity Debate Schedule

Dana Cotton Manager of Debating Team Which Will Engage in Six Debates With New England Colleges

Announcement of the schedule and teams for varsity debating at the University of New Hampshire was made here today by Mr. Edmund Cortez of the Department of English through Dana Cotton, '28, of Gorham, Maine, manager of the varsity teams. The New Hampshire teams this year will debate at home only one in the six debate schedule and will meet only New England colleges which is a departure of former years, when teams from as far south as West Virginia and as far west as Arizona were on the schedule.

The New Hampshire teams this year, according to Mr. Cortez, will not use the Oxford system as was the case during the past two years, but will confine themselves entirely to one subject and to the American system. The subject chosen for the debates this winter is "Resolved: That the United States should cease to protect by armed forces American capital invested in foreign lands except after formal declaration of war." Each speaker will talk for ten minutes in his initial speech and will later have a five minute rebuttal, direct contrast with the Oxford system.

The teams chosen by Professor Cortez include on the affirmative, Daniel Perkins, '30, Dana Cotton, Lester Brooks, '28, president of the New Hampshire chapter of Tau Kappa Alpha, national honorary debating society, and Edward Ward, '28, and on the negative team: Ralph A. Brown, Jr., '29, Emile Couston, '28, James Hanley, '30, and Gordon Palmer, '30. Perkins, Palmer, and Hanley were all members of the New Hampshire freshman team which distinguished itself last winter.

The schedule as announced follows:

Negative:  
At Middlebury Feb. 24; at M. I. T., (Cambridge) Feb. 28; at Springfield College Feb. 29; Colby at Durham March 2.

Affirmative:  
Colby at Waterville March 2; University of Maine at Orono, March 3.

### PHI MU SORORITY HOLDS INITIATION AND BANQUET

Phi Mu sorority held its initiation banquet Sunday night at the American House, Dover. The initiates were Marjorie Hall, Dover, N. H., Nancy Littlefield, Hamstead, N. H., Miss Isabel Roberts, '28 acted as toastmistress and Miss Evelyn Wheeler, '28, was chairman of the banquet committee.

### NOTICE

The Alpha Tau Omega fraternity has been found liable to penalty by Casque and Casket and in accordance with Article X, Section 1 of the Constitution has been suspended for a period of thirty days, dating from February 6, 1928. (Published at request of Casque and Casket).

## Manton Selects Men for Concert

### Represent New Hampshire In N. E. Glee Club Contest

Twenty-nine Students and Director to Make Trip—Winner of Boston Contest to Represent N. E. in National at New York

Final selection of the men to represent the University of New Hampshire in the New England Intercollegiate Glee Club competition at Symphony Hall, Boston, Feb. 24 was made today by Professor Robert W. Manton, head of the Department of Music and coach of the club. Twenty-nine men and a student director will represent New Hampshire's glee club and will practice separately from the remainder of the group for the next three weeks.

The winner of the Boston contest is to go to New York in the spring to represent New England in the national contest and, consequently, competition among the New England colleges is very keen. The clubs in Boston will be required to sing one selection of recognized classical merit, one university song, and a selection which will be required for all. The colleges to take part in the Boston engagement are New Hampshire, Boston College, Vermont, Amherst, M. I. T., Boston University, Clark, Bowdoin, Middlebury, Wesleyan, Worcester Polytechnic Institute, Rhode Island and Northeastern. The judges are to be Ralph L. Baldwin, Malcolm Lang, and Thompson Stone, men whose names stand high in the musical world and who are considered experts in judging this kind of singing.

The New Hampshire glee club will consist of: Howard George, Granville Shattuck, Joseph Ennis, Edward Strowbridge, Brownlow Thompson, Frank Silvia, John Dow, and Ralph Garlock; first tenors, Hugh Farnsworth, Harlan McIntire, Walter Jenkins, Norbert Nodes, Harlan Cleveland, Norman Weeks, and Eugene Jacques; second tenors, Clifford Ellis, Danforth Gogins, William Stocker, Neil Reid, Lawrence Wright, Malcolm Toone, and Oscar Vaughn; first basses, Stewart Bradley, Stuart Lovell, Frank Woodward, Paul Blaisdell, Winston Lothrop, Roger St. Clair, and Stephen Crowther and Robert Schiller, second basses.

Alternates selected by Professor Manton include Ray Sawyer, Adrian Levesque, Howard Moore, Fiesco Engel, Kenneth Clapp, and Sam Clay.

The student director of the organization for the concert is Edward Crawford, a junior at the University, who has had experience in training choirs in several neighboring towns and is organizer at a church in Portsmouth. He has acted as pianist for the men's glee club for the past two years.

### S. A. E. AND KAPPA SIGMA TO BATTLE FOR HOCKEY TITLE

The Sigma Alpha Epsilon and Kappa Sigma fraternities, winners in the American and National intramural hockey leagues, will battle for the intramural ice championship in a three-game series within the next week. There is a possibility that one of the finals may be played as part of the carnival program, preliminary to the Brown-New Hampshire hockey game.

The S. A. E. and Kappa Sigma sextets were undefeated during the five-game schedule of intramural hockey in their respective leagues. Both teams boast of good shooters and a strong line of defense, appearing to be fairly evenly matched on the basis of form shown in games played during the schedule. Tardiff, Higgins, and Ramsey have been leading goal shooters for the S. A. E. sextet, while Colburn and Silvia lead the Kappa scorers.

The S. A. E. hockey team was forced to an overtime period to defeat the Alpha Gamma Rhos in the game which clinched the league title for the former club. Ramsey shot the winning goal, giving the S. A. E. sextet a score of 2 to 1. The Kappa Sigmas found opposition in the Phi Delta Upsilon team, but Colburn and Silvia scored goals which gave their sextet a 2 to 0 victory.

## PREP SCHOOLS TO HOLD CONFERENCE

President Lewis to Address Annual Meeting of Fifty Preparatory Schools of New Hampshire Here Saturday, Sunday, and Monday

The annual New Hampshire preparatory school conference will be held at the University of New Hampshire on Saturday, Sunday, and Monday of this week-end. Fifty preparatory school students will be in attendance, representing several of the high schools of the state and the following academies: Holderness School at Plymouth, Clark School at Hanover, Brewster Free School at Wolfeboro, Tilton School at Tilton, Proctor Academy at Andover, Colby Academy at London, Kimball Union Academy at Meriden, Pinkerton Academy at Derry, New Hampton School at New Hampton, Sanborn Seminary at Kingston, and Vermont Academy at Saxton River, Vermont.

The opening event will be a banquet Saturday night, at which President Edward M. Lewis of the University will be the principle speaker. The other speakers of the conference will be Wallace Anderson of Manchester, Ernest "Pa" Conlon of Concord, Howard Jefferson of Yale Divinity School, and several undergraduates. Problems of college life that are of interest will be treated. The general theme of the entire conference will be that of transition from preparatory school to college.

The conference is under the supervision of the Young Men's Christian Association of the University, Brownlow Thompson, '31, being chairman of the committee in charge.

## Tel. and Tel. Co. Send Men Here

### Representatives Here to Interview Senior Men

New England, New York, and American Telegraph Companies and Western Electric Co. Send Agents to Outline Work to Seniors

Mr. W. E. Keith of the New England Tel. & Tel. Co., together with a representative of the New York Tel. & Tel. Co., will visit Durham on Thursday and Friday, February 16 and 17 to interview seniors in both Technology and Arts courses. On Feb. 16, Mr. R. B. Meader, N. H. U. '21 will outline the opportunities for college men in the Bell Telephone System. This talk will be given at 9 A. M., in the Murkland Hall auditorium.

These representatives will be selected for the New England Tel. & Tel. Co., the New York Tel. & Tel., the American Tel. & Tel. Co., and the Western Electric Co.

Seniors in the College of Liberal Arts desiring interviews should arrange for appointments through Professor A. W. Johnson; seniors in the College of Technology through Professor L. W. Hitchcock.

For many years representatives of the General Electric Company, Westinghouse Electric Manufacturing Co., and the Bell Telephone System have visited the university and have taken into their organizations many New Hampshire graduates. Each year the program followed by the representatives has been the same; a brief outline of the opportunities which their company offers, interviews of from ten to fifteen minutes with each senior, and a conference with the department concerned.

The Employment Bureau recently organized under the direction of Alumni Secretary E. Y. Blewett will not in any way affect the plans followed in recent years whereby a college or a department arranges for the visit of representatives of various companies. The Alumni Office will function more as a "clearing house" to forward to the proper colleges and departments requests for graduates or requests by graduates for positions.

## REPRESENTATIVES TO INTERVIEW STUDENTS

On Tuesday, February 14, representatives of the General Electric Company will visit the College of Technology for the purpose of interviewing seniors in the Electrical, Industrial, and Mechanical Engineering courses who are interested in securing employment with that company.

The interviews are to be made by Mr. M. M. Boring of the Schenectady works and Mr. R. D. Lambert of the Lynn works.

On Thursday, February 16, Mr. F. G. Kottman of the Westinghouse Electric and Manufacturing Co. will interview Technology seniors who wish to secure employment with the Westinghouse organization.

## CARNIVAL ARRANGEMENTS AWAIT SNOWFALL FOR FULFILLMENT

### Decorations Committee Begins Work on Streamers for Ball in University Gymnasium Friday Evening, Feb. 17

Evergreen Tunnel from Street in Front of Gym to Ice on Skating Rink to be Erected as an Added Feature—Work in Charge of Professor Schramm

### Y. M. C. A. TO SPONSOR ANNUAL STUNT NIGHT

Fraternities and Sororities to Compete for Plaque in Second Annual "Stunt" Night Program, February 25—Informal Dance Follows Program

The annual "stunt night", under the direction of the Y. M. C. A., will be held at the Men's Gymnasium Saturday, February 25 at 7.30 P. M. Plans for the affair are under the supervision of Warren Gee '29, and present indications point to one of the best "stunt night" programs ever held.

Now that this event has become an annual affair, the fraternities and sororities are looking forward to it and plan each year to enter into the competition. Several of the campus societies have already signified their intention of entering, although entries can be made up until Monday. The judges for this year's event will be: Mrs. Lucinda Smith, Professor E. A. Bishop, Professor Thorsten Kalljarvi, Professor William G. Hennessey, and Miss Esther Brown.

A new feature of the event will be an informal dance which will follow the stunt program.

### "DEAR BRUTUS" TO BE SHOWN IN CONCORD

To Be Followed By Appearance in Laconia—Sponsored by Alumni—Proceeds to be Turned Over to University Scholarship Fund

Sir James Barrie's "Dear Brutus" winter term play of the University of New Hampshire will show in Concord and Laconia on March 12 and 13 respectively, according to an announcement by William Hoagland '28 of Dedham, Mass., president of Mask and Dagger, University dramatic society. The play will show in Durham for three nights during the first week in March and then will visit some of the larger cities of New Hampshire as has been the custom in the past.

President Hoagland stated that there is also a possibility of the play visiting Phillips Andover academy due to negotiations now under way. The play will be staged in Concord by the Concord Branch of the University of New Hampshire alumni and the New Hampshire Memorial Hospital Associates, while the Laconia showing will come as a result of the efforts of the Laconia alumni of the University. The money realized by the alumni for these productions will be turned over to the University for scholarship funds, while the Hospital association share of the Concord performance will go toward benefiting the local hospital. It is possible that Governor Huntley N. Spaulding will attend the Concord performance of "Dear Brutus", which will be staged at the Capitol Theater.

Mask and Dagger plays have gained much popularity through the efforts of alumni of the University and have played in several of the larger cities. The production by Barrie, staged this year is a higher type of play than were the light comedies produced in the winters of former years, but, according to Professor William G. Hennessey of the University English department, coach of dramatics, the new production is expected to better satisfy the audiences.

### SKI-JORING RACE TO BE NOVEL CARNIVAL FEATURE

A novel feature of the 1928 Winter Carnival will be a ski-joring race to be held on Friday afternoon, February 17, between three and four o'clock. This event will take place on the Main street of Durham, starting from in front of Gorman's Drug store and coming to an end in front of the Men's Gymnasium. It is planned to start the seven-mile cross-country ski race at such a time that the first to come in will appear at the gymnasium soon after the ski-joring race is over.

The horses will be ridden by women, while the task of staying upright on the skis will be assigned to the men. The novelty of an event of this kind in Durham should result in many applicants for entrance and will surely draw an appreciative crowd of on-lookers. It is the aim of John Wettergreen, chairman of the Outing Club, to have twelve entries in this race. Any who desire to be entered should apply to him at once.

Everything is in readiness for the annual winter carnival here next week and if the weather man is kind, the annual event should be the biggest yet, according to information received from Jack Wettergreen, president of the Outing Club. All plans formulated have been completed ahead of schedule, insuring a successful program.

Work on the decorations has already been started for the Carnival Costume Ball in the gymnasium Friday night. The decorations this year will be very simple, consisting of white paper streamers and an imitation bank of snow from which the orchestra will play. Bert Lowe's Hotel Statler Orchestra of Boston will furnish the music for the dancers, and by means of amplifiers, will broadcast music to the skaters on University Pond. The feature ice events will be run off immediately preceding the ball, so there will be no interference with the dance.

It was definitely announced that Charles Jewtraw, Olympic speed skater, will attempt a new sixlap speed record on the local rink, and the time he makes whatever it may be, will be a record for the course, as Jewtraw has never tried a six-lap course before. Fancy skaters from the Boston Arena will furnish the artistic touch with spectacular stunt-skating. Exhibition ski-jumpers have also been engaged, although it has not been definitely announced who they will be.

Work has begun on an evergreen tunnel, ten feet high by ten feet wide, which will stretch from the street in front of the gym to the ice on the skating rink. The interior of the tunnel, as well as the skating rink will be decorated with colored electric lights. Professor Schramm of the Art Department has drawn up plans for the erection of an ice arch at the street end of the evergreen tunnel, and will supervise the work of construction which will start immediately. Professor Schramm, it will be remembered, was responsible for the erection of the ice figures which adorned the path leading to the skating rink last year, and which received much favorable comment.

An added feature this year will be the ski-joring contest which will be run off Friday afternoon on Main street. This will start from Gorman's and end in front of the gymnasium. "A contest will be timed so that the finish will be at approximately the same time as the seven mile ski race which also ends at the gym. The alternate program has been arranged also, and in the event that there is no snow, there will be motion pictures at the local theatre on Friday afternoon, and a tea dance at the women's gym in Thompson Hall Saturday afternoon.

The Outing Club reports a favorable showing in the returns of their drive for members. Frank Watts, chairman of the Membership Committee, stated that well over eight hundred had become members of the Club. One fraternity house and a sorority house have contributed 100%. A systematic canvass of the fraternities, sororities, and dormitories is being conducted now and next week a list of these, with their respective percents will be published. Thus far the price has been sufficient to warrant the erection, before June of another cabin, this to be at Pawtuckaway Mountain in Deerfield, thirty miles from Durham by road, and twelve miles by air line. The club has erected a new toboggan slide on Ham's Hill, and preliminary try-outs of the slide have proven it to be a decided success.

### ALPHA CHI OMEGAS WIN GRANITE SALES

Inter-sorority "Granite" Sales Contest Won by Alpha Chi Omega For Second Year with Alpha Xi Delta in Second Place

The Intersorority Granite sales contest which finished last week was won by the Alpha Chi Omega sorority with a total of eighteen subscriptions to the 1929 yearbook. The Alpha Xi Delta sorority finished in second place, having sold sixteen Granites.

The sales contest was under the personal supervision of Elizabeth Child, Sales Manager of the 1929 Granite, who assigned certain girls to be responsible for the canvassing of their respective organizations.

As a reward for winning the contest the Alpha Chi Omega fraternity will receive a copy of the "Granite" with the name stamped in gold leaf on the cover. This is the second successive year that the winners have taken first place.

## FACTS

When the present staff of THE NEW HAMPSHIRE came into office we published in these columns a statement of what we hoped to do during the course of the year and then a plea for cooperation on the part of students and faculty. We asked for constructive criticism and a bit of fair play. This did not seem to us at the time to be an unreasonable request, but evidently we erred in judgement.

We are getting the criticism all right and cannot complain of the quantity nor quality. We expected that and are not faring any worse than did our good natured predecessors who never bothered to take any notice of it, although they were quite obviously not getting an "even break". We don't particularly mind the "panning" ourselves, since it is in the regular schedule of things, especially for the winter term, and, incidentally, giving us a chance to pass the editorial buck by furnishing a legitimate excuse for laying down the law to the staff. Our complaint lies in the type of criticism we are receiving. It isn't frank and open. We get it all by hearsay. Little sneers passed on to us with evident relish by one member of the faculty from another, bad-tempered comments from members of the student body made to other members of that august assemblage, but never to a member of the editorial board. The campus does not seem to realize that the paper belongs quite as much to the University of New Hampshire as a whole as it does to the staff of the publication.

Our quarrel is with the faculty as well as with our fellow students. The faculty, among them members of the English department, comment on the NEW HAMPSHIRE to their classes, point out its mistakes, jeer at its

policy, and undermine what ever dignity it has as a student organ, but never say one word of constructive criticism to a member of the editorial board. We hear of the comments only in chance conversations, but have thus far this year received practically no suggestions from faculty members either personally or by mail, except in routine matters carried on by the administrative officers or the University publicity office. Improvement does not come from this type of co-operation. So much for the faculty.

As for the student body; it has, we learn, a variety of grievances. We do not publish expressions of student opinion. Our answer is that we have not received a single letter in the past three months for our column "From Our Mail Box". The commenting is all done in local drug stores and fraternity houses. On the subject of football letter awards which stirred the entire campus last fall, on the matter of instances of infringement of rushing rules, or on other matters which might be expected to excite student comment we have not heard a word officially. The campus behaves toward us like the proverbial mule who would not budge until a fire was lighted under him. The mule in this case, instead of helping the driver, after the NEW HAMPSHIRE builds the fire, launches out a foot and catches him in the mid-riff. The idea of pulling to help does not seem to occur to any of our friends.

Another grievance, we understand, is that we publish too much in the way of advertising. To this we reply that printing even an advertising pamphlet costs money and that our statistics show that only about one student in every three or four subscribe to THE NEW HAMPSHIRE. This group are mostly freshmen who have not learned University loyalty. In our own fraternity, and it is a fairly representative one, there are only two upperclassmen on the list of subscribers. Cooperation?

The alumni also criticize. We do not publish enough alumni news. And yet we learn in a conference with the alumni secretary who compiles this news, that it is a rare occasion on which he receives more than one item of alumni news in a working day. The alumni are also cooperating with us.

This outburst may be unexpected, may even seem uncalled for; but we believe that we have some cause for complaint and are defending ourselves with some justice. If our critics will bear some of the above facts in mind and then give us a little loyal cooperation we may be able to make something of this paper. We are blaming everybody, ourselves included. We are not the only ones on the campus who lack this vital support. The football team got very little cheering this fall; the Outing club is not getting any too much money now. It is up to sons and daughters of New Hampshire to get together and pull together in order that "On to victory, forever Blue and White" may lose some of the irony which seems to tinge it today.

## DELTA SIGMA CHI "AT HOME" NEXT SUNDAY AFTERNOON

The Delta Sigma Chi fraternity will hold an "at home" at the fraternity house on Faculty Row Sunday afternoon from 2 to 5 o'clock. The members of the fraternity extend a cordial invitation to all students, faculty members, and townspeople to attend the affair.

Arrangements for the "at home" are under the direction of Malcolm B. Sargent '28. The patronesses include: Mrs. Edward M. Lewis, Mrs. Elizabeth P. DeMeritt, Mrs. Charles Pet-tee, Mrs. Clarence W. Scott and Mrs. Eugene A. Bishop.

By Frederic H. Smith, '29

The editor of this column will be glad to consider articles submitted by students for publication in this column. Any short paragraphs, poetry, or brief essays of general interest are particularly acceptable, and expressions of student opinion will also find a voice here.

Upon the suggestion of several faculty members and students, we publish the names of books which are listed each month by the American Library association as being the "most read."

### Fiction

"A Good Woman" ..... Louis Bromfield  
 "Jahna" ..... Mazo de la Roche  
 "Kitty" ..... Warwick Deeping  
 "Death Comes for the Archbishop" ..... Willa Cather  
 "The Grandmothers" ..... Glenway Wescott  
 "Dusty Answer" ..... Rosamund Lehmann  
 "Elmer Gantry" ..... Sinclair Lewis  
 "God and the Grocerymen" ..... Harold Bell Wright  
 "Sorrell and Son" ..... Warwick Deeping  
 "Barberry Bush" ..... Kathleen Norris  
 "An American Tragedy" ..... Will Durant  
 "Wall Flowers" ..... Temple Bailey  
 "The Glorious Adventure" ..... Hall Burton  
 "Revolt in the Desert" ..... Lawrence Sanders  
 "What CAN a Man Believe?" ..... Bruce Barton  
 "Transition" ..... Durant  
 "Bismarck" ..... Emil Ludwig  
 "This Believing World" ..... Lewis Browne

### General

"Trader Horn" ..... Horn and Lewis  
 "Mother India" ..... Katherine Mayo  
 "We" ..... Col. Lindbergh  
 "Story of Philosophy" ..... Will Durant  
 "Napoleon" ..... Emil Ludwig  
 "Royal Road to Romance" ..... Hall Burton  
 "The Glorious Adventure" ..... Hall Burton  
 "Revolt in the Desert" ..... Lawrence Sanders  
 "What CAN a Man Believe?" ..... Bruce Barton  
 "Transition" ..... Durant  
 "Bismarck" ..... Emil Ludwig  
 "This Believing World" ..... Lewis Browne

Amherst College has just launched a campaign against "fraternity politics." It is an unthinking student body that allows the Greek letter to come before the initials of Alma Mater.

"Mayor" Bill Gelpke, chief of the Durham Fire Department, is about to start a crusade against weak chimneys in the town. One of his best men, Dan Ahearn '28, very nearly lost his life in last Saturday's conflagration, when he reached to a chimney for support and the thing came away in his hand.

Isn't it true that college men are called "boys" when their deeds disagree with the conventions, and "men" when their actions happen to coincide?

To Paul Toolin we extend our heartiest sympathies this week, because, after a night on the New York Boat, he was too seaisick to run the hurdles at the games last Saturday. Does track equipment include anti-seasickness pills?

## Women Active In Discussion

### Y. W. C. A. Conducts Groups On Books and Antiques

Faculty Members Lead Groups in Cultivation of Hobbies Under Auspices of Y. W. C. A.—Ninety Students Enroll—Local Homes Visited

The Young Women's Christian Association is conducting a series of discussions in which ninety girls are enrolled. Miss Esther Brown, of the sociology department, has charge of a group meeting every Wednesday afternoon from five to six o'clock for the study of antiques and house furniture in general. The homes of Captain and Mrs. John Ayotte and Professor and Mrs. Harold H. Scudder have been visited by the girls, and other instructive trips have been planned.

Miss Helen Cushing of the library physical education, leads a discussion of friendship on Fridays from four to five o'clock at the Commons.

Miss Helen Cushing of the library staff and Mrs. M. M. Flanders direct those girls who are interested in books. One group meets Friday at four at the Alpha Xi Delta house, the other Monday at eight o'clock at the Commons. Miss Agnes Ryan was the principal speaker last Monday evening.

The group on social relations, made up of girls who have had club work, holds its discussions Monday evenings at eight and Tuesday afternoons at four-thirty under the direction of Miss Oril E. Henthorne, Y. W. C. A. secretary. The last meeting had for its subject the Dover Neighborhood House and the work the university girls are doing in connection with it. A reception and tea were given last Sunday afternoon by the Y. M. C. A. and Y. W. C. A. in the Commons. The members of the advisory board, Mrs. Max Abel, Miss Carrie Lyford, Mrs. Elizabeth P. DeMeritt and Mrs. Orin V. Henthorne, poured. The meeting of the Y. W. C. A., for next Monday will have as speaker, Miss Laura Parker, of the International Women's Board of Home Missions. Miss Parker will speak on migratory labor as it affects women and children.

## VOCATIONAL EXPERT TO SPEAK IN DURHAM

Professor Cunliffe, Authority on Vocational Guidance, to Address Woman's Club and Parent Teachers' Association Tonight—University Student Body Invited to Attend

Professor R. B. Cunliffe, vocational guidance expert, will speak tonight before the Durham Woman's Club and Parent Teachers' Association according to an announcement made by Mrs. Anna Rudd, president of the Woman's Club. Professor Cunliffe has been secured with the aim of giving students of the University of New Hampshire and of the Durham High School a clear outlook on life and valuable suggestions as to how to go about selecting a life work. Because of the speaker's wide knowledge and practical experience in his field a special invitation to attend has been extended to students of the university. The talk will be supplemented by a musical program.

President Edward M. Lewis has stated that it is one of the aims of college to help a student in picking a vocation, and Professor Cunliffe has been persuaded to appear here in an effort to help the university meet that requirement. The speaker is the director of the vocational bureau of the College of the City of Detroit as well as a member of its faculty, and is a member of the N. E. A. National society. At one time he was a member of the Detroit Board of Education. At present he is on leave from his college to do research work in the field of occupations at the Harvard School of Education.

## TO HOLD CIVIL SERVICE EXAMINATIONS IN MARCH

According to a statement received from the United States Civil Service Commission recently, examinations for the position of junior patent examiner will be given after March 10, 1928. Applications for junior patent examiner must be on file with the Civil Service Commission at Washington, D. C., not later than March 10. The date of assembling of competitors will be stated on their admission cards, and will be about ten days after the close of receipt of applications.

The examination is to fill vacancies in the Patent Office at Washington, D. C., and in positions requiring similar qualifications. The entrance salary is \$1860 a year. A probationary period of six months is required; advancement after that depends upon individual efficiency, increased usefulness, and the occurrence of vacancies in higher positions.

Examinations will be given in the optional subjects of mechanical engineering, physical and organic chemistry, chemical engineering, civil engineering, electrical engineering, French or German, or both, may be taken in conjunction with the optionals

named above. Preference in appointment is being given to eligibles who attain eligibility in either, or both, of the above languages, and in one of the optionals named above.

Competitors will be rated on physics, technics, and mechanical drawings; and the optional subject selected.

Full information may be obtained from the United States Civil Service Commission at Washington, D. C., or the secretary of the United States civil service board of examiners at the post office of custom house in any city.

## CORRECTION

Owing to an error in last week's issue of the NEW HAMPSHIRE it was announced that Professor Cunliffe's address was scheduled for last Thursday night, but Mrs. Anna C. Rudd, president of the club, announces that he will address the members this evening.

## ON OTHER CAMPUSES

By Louise Sprague '29

There are ways and ways of showing respect it seems. When Austen Chamberlain was installed as Lord Rector of Glasgow University, the students wore monocles in his honor.

At the University of Texas the students have a few organized cheers before they enter the class room to take their finals. They believe in the swan's theory and have a dying song of their own. If the various departments at N. H. U. continue to stiffen the courses we may need to resort to some such practice.

At Minnesota a 300-page book is being prepared which will give the history of football from its beginning in the eighties to the present rules and theories.

The authorities at the University of Nebraska are about to sign the death warrant of six underclass honorary societies. The Student council recommended their abolition. The sole purpose of these organizations seemed to be that certain ambitious students desired a list of high sounding names added to their college achievements. Among those in question are the Green Goblin, Silver Serpents and Mystic Fish. What would happen if our Council started to clean house?

The Y. M. C. A. at the University of North Carolina guaranteed 900 freshmen the chance to earn their way. 250 men signed up with the Self-Help bureau and already 200 of them are on a solid financial basis.

Yale University has established a four year course in Naval Science. Anyone completing this course will be qualified for a commission in the U. S. navy.

#### WILDCAT HOCKEY SEXTET TRIMS SPRINGFIELD

Flashing a finished attack which frequently baffled the Springfield defense, the Wildcat hockey team defeated the Springfield College Sextet, 5-3, last Friday at Springfield. New Hampshire got away to a fast start when Chandler, Reinhart, Wendolin registered goals before the Springfield defense could stay the passing attack.

The score at the end of the first period was 4-2 for the Wildcat pucksters, with Wendolin scoring the final goal for the Blue and White in the second period. The New Hampshire sextet ran its winning streak to six games out of seven played with this victory.

## Varsity Loses Two on Vt. Trip

### Wildcat Quintet Defeats Middlebury in Close Game

Vermont and St. Michael's Too Strong for Blue and White—Take Middlebury into Camp, 33 to 30—Bridge and Gaunt play Well

The Wildcat basketball team won one and lost two games on its Vermont trip the last of last week-end. In the first game, on Thursday night, the team won from a strong Middlebury quintet by the score of 33 to 30.

New Hampshire used only six men in Middlebury game, Patch, replacing Clark at right forward. Schurman and Clement were both in fine form, and constituted a large portion of the offense of the Wildcats. Schurman caged four free throws and Clement one, they both sank four from the floor. Patch, Gaunt and Bridge all got four points. Gaunt played his usual stellar game, continuing to give promise of developing into a top-notch guard.

Johnson was the Middlebury star, making six baskets from the floor. Farmer replaced Casey at left guard and made six points, playing a fine game. Humiston, the center made seven points.

Continuing on to Burlington, the team met defeat at the hands of a strong Vermont team, by the close score of 30 to 24. In this game the Wildcat offense was evenly divided between Patch, Clement and Bridge. Clement made eight points and the other two seven. The team played well, and the passing of Patch, Clement and Bridge was especially commendable. The only New Hampshire substitution was when Schurman replaced Burke at center.

Prentice, the star of so many Vermont games, was the individual star of the whole game. He was all over the court, passing, receiving and shooting. He hung up 15 points, with seven baskets from the floor and a free throw. Halligan, the left forward, made six points, and Price, the left guard, made seven.

On Saturday night the team crossed the river into Winooski, to engage St. Michael's college, losing 43 to 28. The game was marked by the superiority of the St. Michael's forwards, who scored 36 points. Captain Bridge led the Wildcats in scoring with ten points.

#### JUNIORS ATTENTION

There will be a short meeting of the junior class at 7:15 this evening in the Zoology lecture room.

## FRESHMEN TO MEET KENTS HILL SATURDAY

After one decisive defeat at the hands of a state of Maine team the freshman basketball team will attempt to break into the winning column when they meet the strong Kent's Hill team here Saturday.

A definite lineup for the freshman team is not known, but it is expected that Coach Kelsea will use Hanley, Foster, Ward, Hagstrom, Lord, Horgan, and Dunlap during the course of the game. These men have showed up well in past performances, and they will all probably see service in the coming game.

It is difficult to make an estimate of the strength of the Kent's Hill team, but normally the school, has a strong group of basketball players. This game holds special interest in Durham owing to the fact that Wendell Davis '26, former New Hampshire varsity basketball star, is coach of the Kent's Hill team. With two former varsity stars who played on the same team together acting as coaches of the teams competing here Saturday the outcome will be of exceptional interest.

## Court Tourney Here in March

### Teams Chosen to Enter Basketball Tournament

Berlin Shows up as Strong Team Manchester Winner for Past Two Years again Qualifies—Dover and Portsmouth outstanding Seaboard Quintets

The most successful inter-scholastic basketball tournament in the history of the University of New Hampshire is expected to take place here March 9 and 10, according to Coach Henry Swasey of the physical education department of the University. The final selection of teams for the event will take place in March Mr. Swasey stated and the tournament will be conducted under a series of rules which have been sent to all secondary schools in the state.

Berlin, in the northern part of the state shows up as a remarkably strong team, and should be here for the tournament since Lancaster, last year's entry, is not quite up to its last year's record. Alton is showing the way to the schools in the White Mountain district to date although Bartlett and Madison are also represented by strong teams.

In the second seaboard district the outstanding quintets seem to come in Dover and Portsmouth, with the latter team having slightly the edge on things. A merry battle is being waged in the Lake region according to Mr. Swasey and Franklin, as yet undefeated; Laconia, Meredith and Plymouth are all working for the chance to play for the championship in the finals. A hard district for the selection of an entry will be the Monadnock one where Keene, Walpole and Peterboro are all neck and neck in the games to date. Nashua, with victories over Wilton and Milford seems assured to a place in the tournament.

Perhaps the strongest looking team in the state and a sure favorite for the March tournament according to University authorities is Manchester Central, winner of the tournament for the past two years. So far the Green has beaten Haverhill, Lawrence, Lowell, Arlington, West Side, and New Hampton. Whether or not the loss of Emil Bozek will make a difference in the future playing of the team, is problematic according to Mr. Swasey and several of the teams mentioned above are expected to give the Queen City boys plenty of trouble. A new team, Claremont, is showing the way to Hanover and Lebanon in their district and justifying its selection of Clarence Parker, former Exeter academy coach, for its mentor. Of the four preparatory school entries, New Hampton, Tilton and Sanborn seem sure of places at present, but the selection of the other entry presents very grave problems to the officials running the tournament. Holderness, Proctor, Stearns, and St. Joseph's are all battling for the place.

## PHI MU WINS GIRLS' BASKETBALL LEAGUE

Non-sorority Girls' Basketball Team Defeated by Phi Mus, 54-21, in Final Game of Women's Athletic League

Phi Mu sorority won an easy victory in the finals last Thursday night against the team of non-sorority girls piling up a 54-21 score. The Phi Mus had defeated Chi Omega and Delta Kappa while the latter won over Sigma Omicron and Alpha Chi Omega. This contest closed the series of games which this year have been conducted by Women's Athletic Association.

Line up in the finals as follows:  
PHI MU NON-SORORITY  
Britton, f (Locke) (Steeves) (Daniel) f, Bernaby (Calnan)  
M. Steeves, c (Daniels) c, Calnan (Daniels)  
Pitcher, ac (Stewart) (Brooks) (Lord)  
Stewart, g (Steeves) (Duncan) (Brown)  
Goals: Britton, 11. From foul: Britton, 1; Locke, 5, Steeves, 10. From foul: Steeves, 1; Goals: Bernaby, 7; Daniels, 3. From foul: 1. Referee: Kirk. Scorer: Timmons. Timer: Lord.

CAPT. GEORGE BRIDGE  
Varsity Basketball Leader

## CONNECTICUT NEXT ON BASKETBALL LIST

"Nutmeg State" Stars Should Furnish Stiff Opposition for Varsity Hoopsters in Game Here Saturday

The Wildcat basketball team will meet the Connecticut quintet here next Saturday evening. The Nutmeg team is reported to be strong, being built up around Williams and Eddy, men of experience in basketball and also members of last fall's football team.

After the result of the Providence game, the lineup is not known, but it is expected that Gaunt, Bridges, Clement, Clark, Schurman, Burke, Stolvsky, Patch, Dresser, Slayton and Smart will see service. These men have carried the brunt of the game since the season started. Harriman, who has played in a few games, may also see service.

## BOXERS LOSE BOUTS AT DARTMOUTH, 4-2

McCooley and Lucinski Win Easily Over Dartmouth Opponents—Capt. Necker and Sargent Nosed Out by Close Decisions

The University of New Hampshire boxing team lost its meet with Dartmouth held at Hanover Saturday by a score of 4-2. Competition was keen in every bout, and the "Big Green" mittmen had a difficult task in out-boxing the Wildcat aggregation.

The 115 pound class bout proved exceptionally close, Watchinsky finally winning over Nodes. In the 125-pound event Lucinski found little difficulty in overcoming Fujaina, the Dartmouth entry. McCooley defeated Walker in the 135 pound class with equal ease. The 145 pound class event was a matter of speculation even after the final gong. Both men had showed up very well, each at times seeming to have an advantage over his opponent. The close decision favored Alton of Dartmouth over Sargent of New Hampshire. The 160 pound event matched the others for equality, Bragan finally winning over Roy of New Hampshire in an extra round. The 175 pound class bout was probably the leading intercollegiate bout of the evening with Captain Necker of New Hampshire matched against Bessette, the well known Dartmouth boxer. During the progress of this bout both men were at times on the verge of a knockout. The decision favored Bessette over Necker.

The Dartmouth boxers come here February 18, as a part of the New Hampshire Winter Carnival sports program, and the Wildcat mittmen will try to avenge the close defeat at Hanover.

Coach Cowell expects a close game, and is hoping that the varsity will continue to mold together and play as a unit. At the start of the season, there was only one letter man to build the team around, but the squad has shown evidence that it is gradually being brought around to function as one unit.

## The New Meal Ticket

For \$6 you may buy 7 breakfasts, 7 dinners, and 7 suppers.

It is not necessary for you to take these meals consecutively, but the ticket is good if presented at any date.

If you desire, the ticket is transferable. Remember the price is \$6 for this much more flexible and convenient ticket.

The Cafeteria ticket is continued—\$6 value for \$5.50.

## Conowingo

Where do young college men get in a large industrial organization? Have they opportunity to exercise creative talent? Is individual work recognized?

AT Conowingo, not far from where the Susquehanna River flows into Chesapeake Bay, the Philadelphia Electric Company is erecting a huge dam

and power house. This hydro-electric development, one of the largest in the world, has an initial capacity of 281,000 kv-a. in seven units and an ultimate capacity of 440,000 kv-a. The generators, due to their very low operating speed of 81.8 r.p.m., are much larger physically than anything yet built, each machine being approximately 37 feet in diameter

and weighing over one million pounds.

Only an organization of the size and resources of Westinghouse can undertake the building of such a large machine. Westinghouse offers great attractions to young men of enterprise and genius because it daily provides facilities and opportunities which smaller companies cannot offer.

## Alumni News

Alumni Office—Just another week to Winter Carnival, folks! Only a few more days and we hope to see a crowd of Alumni here in Durham, relaxing and forgetting the woes and worries of business and professional life. What a tonic a few days in the open can be! And what is better than to spend your week-end in the open in Durham on the campus we all love and recall with mighty happy memories? We hope that trainloads of Alumni will descend on Durham for a few days' outing, to show these undergrads of the present that we are still interested in New Hampshire and have not grown old enough to give up the snowshoe, ski and skates for cozy firesides and chimney corners.

We hear a voice over in the dark corner of the Alumni column saying something about skis, skates, snowshoes and the lack of snow—bare ski jump—no toboggan runs very well on bare wood—and all that. Now, we hadn't forgotten about that for a minute.

We'll admit that Durham at present doesn't look much like the frozen North, nor does it feel much like the sunny South. The wind is still cold and we feel sure that snow will fall between now and the Carnival.

That's another worth while project for the Alumni. Why not organize a general concentration meeting of all Alumni in your town? Everyone will concentrate on snow and who knows, we may have a blizzard? Some undergrad suggested a general prayer-meeting of the student body. Not a bad idea!

All the Boston folks ought to get after Dr. Loveland of the class of '82. He is the chief weather prophet for New England and a member of the Boston Club. Prevail on his good nature to the extent of a man-sized snowstorm before Carnival. We would all be very grateful.

1914

R. W. Smart and Mrs. Smart announce the birth of a daughter, Jeanne Marie, on January 26th at Detroit Michigan.

1908

On December 17, 1927, Merton M. Cory was married to Miss Ethel C. Whitney of Lindsay, Ontario in Toronto, Ont. Mr. Cory is Associate Professor of Electrical Engineering at the Michigan State College in East Lansing, Mich.

Philadelphia Club Progressive Dinner

On February 10, 1928, the members of the Philadelphia Club will be the guests of the following and in the order stated: Mr. and Mrs. C. A. Dodge, Mr. and Mrs. J. H. Annis, Mr. and Mrs. E. C. Williams.

The January meeting of the Philadelphia Club was held on the 10th at the Electric Club. Following the dinner, Mrs. J. H. Annis, vice president, called the club to order. The following were present:

Mr. and Mrs. C. A. Dodge, Mr. and Mrs. J. H. Annis, Dr. Phyllis Blanchard, Dr. Walter Lucase, Miss G. Basch, G. F. Lane, M. C. Huse, M. MacConachie, R. Wentworth, A. E. Blake, F. P. Cory, C. L. Dickinson, H. R. Ford, L. R. Bacon, L. H. Kenney.

Gilbert F. Lane, '13, of Trappe, Penn., was welcomed to membership. An interview with Dr. Phyllis Blanchard was published in the December 24 issue of the Philadelphia Public Ledger.

## PROVIDENCE BEATS BASKETBALL TEAM

Providence Plays a Clean Fast Game  
—N. H. U. Second Team Replaces  
First—Fouls Mar Game Which  
Was Lost, 36-23

The Wildcat quintet bowed to Providence College last Tuesday night in the university gymnasium by the score of 36 to 23. The margin of victory, was made on free throws, as each team made ten baskets from the floor. Then tendency to foul which has marked the Wildcat quintet in all of its games so far, was again uncomfortably noticeable. Providence made 16 points from the free throw line, while the Wildcats made but three. New Hampshire missed many points through inability to shoot fouls.

The first and second Wildcat teams each played a half, and the latter team, made up of three sophomores and two seniors, was more impressive than the former. Patch led the wildcats in scoring, with eight points; Smart made five and Clark four. Gaunt and Stolovsky both played fine games at guard, although the play of the former was marred by several fouls. Both were players on last year's undefeated freshmen team.

Krieger and Wheeler led the Providence scoring, the former with fourteen points and the latter with twelve. The Providence team played clean, heads-up basketball throughout the whole game. Their use of the tip pass was especially effective. Their greatest point of superiority over New Hampshire was in being able to shoot from the foul line, and thus convert New Hampshire's misplays into points.

The summary.  
New Hampshire  
Clark, (Patch), rf rf, McCue, (Allan) Clement (Smart), lf lf, Krieger Schurman (Burke), c c, Wheeler Gaunt (Slayton), rg rg, Szyda Bridge (Stolovsky), lg lg, Murphy Goals from floor—Patch (4), Clark

## French Summer School Planned

Students at Le Montcel  
Led by Professor Allen

Credit for Work in New Hampshire University Given Those Attending Advantages of Travel, Culture, and Knowledge of French, Offered

In addition to the courses in French which are to be given at the University Summer School in 1928, a travel school at Montcel, France, has been arranged for those who wish in this way to become familiar with the French language and obtain credit for work in the Department of Languages. This is the third time that such a travel school has been conducted under the auspices of the University of New Hampshire. The school this year is to be directed by Professor Hamilton Ford Allen, head of the Department of Languages, and is to last from June 23 to September 2. Members of the Travel School will sail from New York on the Cunard S. S. "Carmania".

Le Montcel, a large country estate in the village of Jouyen-Josas, three miles from Versailles and ten miles from Paris, has been selected as the headquarters of the school. From here trips will be made to points of historical and instructional interest, some of the which are as follows: Rouen, where the Palais de Justice, the Cathedral, St. Ouen, St. Maclou, the Place du Vieux Marche, and the House of Corneille, will be visited; Lisieux, Bayeux, Avranches, where will be seen the Bay of Mont-St. Michel, and Paris, where the students will be enabled to organize trips of their own.

Even though situated in the country, Le Montcel is served each day by twenty trains which will carry one to Paris inside of forty minutes. This enables the students of the Summer School to thoroughly acquaint themselves with all aspects of French life and language in practical, every-day usage. Le Montcel has the advantages of intimate family life. The large and capable corps of instructors under the direction of M. Paul Jeanrenaud, is resident at the school. Therefore, in addition to formal class instruction, the students continually have the opportunity to practise in speaking French, and of becoming acquainted with French life and thought.

Three main courses of study are offered. The first, in the actual study of French, consists of vocabulary and grammar, phonetics and diction, conversation and improvisation, translation from English to French, and interpretation of texts. The second course is a study of contemporary literature, in which a survey is made of French novels, social conditions, poetry, theaters, philosophies, essays, and the outstanding contemporary writers. A third course of lectures will deal with such subjects as Les Princes des poetes, Les Academies et les Prix litteraires, Les Salons et les Cafes litteraires, La Societe contemporaine, Anatole France, Maurice Barres, Georges de Porto-Riche, and Ernest Prevost. Courses of this type are designed to make the student as fully acquainted with contemporary French life as is possible in the time allotted.

The price of the Travel School in France is \$610. This price can easily be considered very moderate in that it includes, 72 days of travel and study, round trip tourist cabin berth at \$202, government tax, transportation, room and board, tuition, certificate from Le Montcel, admission to all points of instruction planned for the advancement of the student, registration and credit in the Summer School of the University of New Hampshire, as well as a summer of new experiences and the acquisition of a new language.

## SHIRLEY FEATURES IN LYCEUM PROGRAM

Performs on Viola D'Amour in Fifth Lyceum Course Program

The fifth number of the University Lyceum course took place last night in the form of a concert by Paul Shirley, one of the few artists in the United States who performs on the viola d'amour. Miss Greta Milos of Boston, soprano, and Howard Goding, pianist, accompanied Mr. Shirley in the evening's program held in the men's gymnasium.

Shirley has won fame all over the world for his skill with the modern concert instrument and is hailed as the leading exponent of the viola d'amour in the United States, both theoretically and as an interpreting artist. His program was unusual in that Mr. Shirley presented music which is rarely heard in modern concerts. Miss Milos is a soloist for the Boston Symphony orchestra and recently won a radio audition contest by more than a thousand votes.

The lyceum course has been very popular here this year under the new management of Raymond C. McGrath, university treasurer and business secretary the leading feature of the course to date being the appearance of Commander Richard E. Byrd.

(2), Smart (2), Clement, Stolovsky, Wheeler (4), Krieger (4), McCue and Allan. Free throws—Schurman Burke, Smart, Krieger (6), Wheeler (4), McCue (2), Allan (2), Szyda and Murphy. Referee, Kellaher, umpire, Rogers.

# Quality sent P.A. to the head of the class

YEARS ago, P.A. showed a clean pair of heels to the field of smoking-tobaccos. It has maintained its lead ever since, putting more distance behind it every year. There must be a reason why P.A. is the world's largest-selling brand.

There is! Open a tidy red tin and get a full breath of that class-by-itself fragrance. Then tamp a load into the bowl of your pipe and light up. The first pull tells you why more men smoke P.A. than any other brand. Cool and smooth and mellow and mild—not for one pipe-load, but always. Try this long-burning tobacco, Fellows. You'll say so!

If you vibrate to quality, you'll gravitate to P.A.

## Coronado blazed the trail

As explorer and discoverer in the great southwest, Coronado pioneered a trail which telephone lines now traverse.

To project and construct these lines across plain and desert and over mountain range was also the work of pioneers, men not afraid to grapple with the frontiers either

of geography or of scientific knowledge. Men of the Bell system have penetrated through trackless problems of research, of manufacture, of telephone operation and of management. They purpose to continue their advance, all in the interest of better service to America.

## BELL SYSTEM

A nation-wide system of 18,000,000 inter-connecting telephones
